Welcome!

Thank you for being a Life Group H.O.S.T. Serving in this way can be a significant part of your spiritual journey as a disciple at St. John's as we CONNECT to God, GROW Together, SHARE Christ!

This booklet provides you with basic information about what it means to be a H.O.S.T. of a St. John's Life Group and gives some practical steps.

At St. John's, we are committed to GROW Together in the Word through LIFE GROUPS, classes, retreats, and gatherings. Your participation in this important part of our discipleship process is central to our work as a church. I know that God will work in and through you for His honor and you will become stronger in your faith and help others to do the same!

In Christ,

-Pastor Michael Hayes

What is a Life Group?

Life Groups offer a place to form strong friendships, grow in God's Word and positively impact the world.

Who: Couples, men's, women's, singles, life stage and blended groups.

When: Groups meet on different nights and days of the week.

Where: Usually in homes but also restaurants, coffee shops, church, etc...

Duration: 6 weeks to start. Many groups keep meeting and stay together for years.

Size: Usually a Life Group has anywhere from 3-12 people.

Why We Have Life Groups

Our discipleship process at St. John's is:

CONNECT To God

GROW Together

SHARE Christ

Grow Together is the next step after Connect to God in our discipleship pathway. Spiritual growth is stunted when Christians think that the Christian life only consists of one hour of Worship on Sunday morning. Spiritual growth happens in the context of community. Life Groups help you Grow Together with other believers by developing a strong network of friends that help and challenge us to become more like Jesus Christ. Life groups offer a balance of fellowship, Bible study, prayer, encouragement and mission in an informal environment.

What Makes a Healthy Life Group?

Essentials of Life Groups:

We GROW in Life Groups. Four key ingredients should be a part of every Life Group:

1. **The Word of God:** Whether we study straight from the Bible or study the Bible through devotional books/guides, we are committed to growing from the Word of God in Christ.
2. **Growth:** We are here because we want to grow and see our lives transformed to be more like Christ. As part of this growth we commit to pray for each other. We seek to encourage each other and hold each other accountable in the steps of our discipleship pathway: CONNECT to God-GROW Together-SHARE Christ.
3. **Acceptance:** As members of this Life Group we seek to accept each other unconditionally as Christ does each of us, seeking to build strong friendships rooted in Christ.
4. **Confidentiality:** Everything shared in this group stays with this group. Gossip and slander are unacceptable. Like Christ we seek the best for each other.

Reflecting on the Past Year

What is one great success that you or your life group has had this past year?

What is one growth area/struggle that your group has, or you have as a HOST (or anticipate having if you have not hosted before)?

Your Walk with Jesus

How is your walk with Christ going? How are you doing on the Discipleship pathway of CONNECT to God, GROW Together, SHARE Christ?

From HOST to Leader – How are you growing as a leader?

DISCIPLESHIP CHECKUP is a great tool

What's Next for Your Life Group?

What does God want for us as a group?

Are we growing as disciples of Jesus and becoming more like him?

Have our lives been transformed for the better?

COMMUNITY – How can we **GROW TOGETHER** more? Deeper in community?

- Fun – Have fun together – Go out to eat, potluck, etc...
- Go on a retreat
- Men and women focus for a season (this is helpful for childcare too)
- Care for each other (birth, death, crisis, illness....)
- Praying for your group
- Reaching out to group members – Lunch, phone, text, email, etc... birthdays
- Encouraging others in the group to reach out to each other – (e.g. hey Jeff would you send a text/call bill this week to see how his work problem is going?)

How else have you grown deeper getting to know each other?

MISSIONAL SERVICE

How can we **SHARE CHRIST WITH OUR SERVICE**? Is there a way we can reach a need together? Is there a certain need in our community or church that God is leading us to address or minister to?

- Options on Share handout – Week 4 of the Study Guide
- Checkout more opportunities on our Share page www.stjohnsorange.org/share
- Mark Siegert – msiegert@stjohnsorange.org or Mollie Schneider mschneider@stjohnsorange.org

What are some other service possibilities?

Helping Your Group Members Serve within Your Group

- Delegating responsibilities – raising up skills/leaders/gifts in the group
- Prayer
- Sharing Leadership of Discussion
- Organization/Administration

REACHING OUT TO PEOPLE

How can we **SHARE CHRIST WITH OUR WORDS**? Is there somebody or a group of people that God is calling us to minister and reach out to?

Life Group Host Tips and Reminders

Overcoming Common Fears

It has been said that courage is not the absence of fear but moving forward in the face of fear. Stepping out to lead a group can feel risky. Let's address some of the fears that are common to us all:

What if no one shows up?

We have found that personal invitations are the best way to encourage people to attend your group. An email invitation and a follow up phone call to let people know you are looking forward to seeing them at your group are best. Make these contacts...then leave the results up to God.

My house is... (fill in the blank)! What will people think?

As long as your home is relatively clean and everyone has a comfortable place to sit, you'll be in good shape. The most important thing is that people feel welcomed.

What if they ask a biblical question that I can't answer?

We don't expect you to have all the answers, so just be honest. Remember that people grow the most when they take ownership of their own spiritual journey. Don't do all the work for them!

What if I'm not a great speaker?

You don't have to be a trained speaker, leader, or Bible scholar in order to facilitate a great group! You do have to love the Lord and love people. Relax and guide the conversation so that every person has the opportunity to connect with God and to experience positive life change.

What if my group is not connecting well?

Like any friendship, it takes time for people to get comfortable with one another and enjoy being together. Adding periodic social activities in addition to regular meetings can help build friendships. Also, if any interpersonal issues arise,

remember that you are not alone. Contact the Minister to Adults with any concerns, challenges, or needs you might have as you HOST.

First Meeting

The first meeting should be a time of getting to know one another, as well as discussing and agreeing on logistics of the meeting. Some things to cover would include:

- How often the group will meet; where & when.
- Basic ground-rules such as mutual respect, confidentiality, and freedom to share diverse ideas without judgment. Read the *Life Group Essentials*.
- Discuss childcare arrangements as needed.
- Take time to share what brought you to the group and how you hope God will continue to shape you through the group.

Have some fun as well! An ice-breaker can be a good way to melt people's defenses and create camaraderie.

Share the Responsibility

Everyone in the group has a responsibility to be an active participant. As a HOST, your role is to facilitate meaningful discussions and to encourage others to use their gifts within the group. Here are some of the roles for people to fill:

Communications: This person is a good organizer and a "people-person" who is available to call or email group members in regard to schedule changes. They can also coordinate snacks, potlucks, birthdays, or activities.

Service Projects (optional): Find someone who loves to serve and let them come up with ideas for how your group can serve together. This is a great way to show the love of Jesus and to grow closer as a group.

Prayer: This person is someone passionate about prayer who can email the groups prayer requests, keep a prayer journal and find creative ways for the group to engage in prayer.

Facilitate discussion by using ACTS:

Acknowledge everyone who speaks during a discussion--recognizing participants will reinforce their contribution and encourage quiet speakers.

Clarify what is being said--restating in someone else's words is a good way to make sure you are listening well to the speaker.

Turn it back to the group as a means to generate discussion and build consensus--ask what others think rather than providing answers.

Summarize what has been said--this will help clarify the overall topic and increase learning.

Life Group H.O.S.T. Tips

H.O.S.T.'s must Pray, Prepare, Guide and Care

- Pray: for wisdom, each member, at the meeting and between meetings.
- Prepare: location, setting, resources – focus, format – interaction with Scripture.
- Guide: Begin and end on time, keep discussion moving, back on track, involve many, limit over talkers, open-ended questions, and group dynamics.
- Care: concern for each member should be felt from the HOST. Also, Confidentiality: Be sure that the group knows that all things shared in the group remain in the group.

How Not to H.O.S.T. a group:

- Too Talkative – need to encourage healthy amount of talking by all.
- Insecure – Don't be afraid to lead but don't be a dictator either.
- Unprepared – don't be late, try not to wing it, know names, and know the content.
- Inflexible – sometimes you need to go off on a tangent to address needs of the people but don't go too far. This is to say don't follow the agenda like the Military but still follow it.
- Readers – Ask for volunteers to read. Don't make someone read. Some people can't read out loud. We don't want to embarrass them.

Life Group H.O.S.T. Tips (cont'd)

How to Start and Keep a Discussion Going:

- Encourage people to verbalize views and feelings – this may put forth some interesting ideas but allows for you to know what is going on “out there” and hopefully you can address those items at some point during the study in a loving way.
- Be grateful for every answer – even the “stupid” ones.
- Don’t always be satisfied with the first answer you get.
- Keeps the discussion moving forward.
- Be alert to individuals in group – some may need prodding and encouragement. Some may need discouragement to stop talking too much.
- Don’t be afraid of some silence – let a question linger a bit.
- Turn questions to you back to the group.
- Be prepared to learn from the group!

Different Personalities in Groups:

- *The Talker* – Talks all the time. May need to let lead a bit but if too domineering may have to ask them outside the meeting to help you spread the discussion around. Helpful to have this person sit next to you.
- *The Thinker* – Shy but has a lot to say. Try to have this person sit across from you. Occasionally ask them a direct question.
- *The life-long Church Member* – grew up in the church and has all the right answers. Try to push them beyond church language, ask why, and even encourage them to lead a session or two, or groom for leading the Life Group that branches off of yours!
- *The Debater* – always challenging every point, devil’s advocate. May need to talk to outside of group and have them help you direct the discussion positively.
- *The Crisis Producer* – this person brings their many problems to the forefront always and at inappropriate times during the study. Encourage problems to be talked about at prayer time and a long-term goal is to help them see beyond their problems to the needs of others.
